

Step 1: cut the parts

- choose flat, sturdy cardboard
- cut wedges perpendicular \perp to the corrugation of the cardboard
- **TIP!** wiggle the wedge gently through the notch to insert them without damage.

Step 2: connect top. align seahorse and insert A1 through top notch. insert A2 through notches in A1.

Step 3: select 8 wedges of any type (B3, B4, B5, B6). insert wedges into notches along the bottom. once 8 pieces are inserted, pull seahorses apart from the bottom.

Step 4: give rocking seahorse to your cat
